# XCLUDER®
## RODENT AND PEST DEFENSE

# Xcluder® Pest Control Vertical Door Seals
## *Rodent-Proof Seals for IPM and Commercial Applications*

**Ideal for: Restaurant, Hotel/Motel, Education, Office and Retail, Grocery Stores, Pet Stores, Warehouse and Distribution or any location that requires reduced or eliminated chemical pest control.**

Doors are one of the most common entry points for mice, rats, and other pests. And although they make for a beautiful entrance, the soft seals, gaps, and/or openings between pairs of entry doors can provide little resistance to rats and mice.
Xcluder® Pest Control Astragal Door Seals feature our patented Xcluder fill fabric which provides a barrier that is virtually impenetrable to rodents and other pests. The reinforced EPDM rubber also provides a durable weatherseal that can pay for itself in the energy savings alone.

Xcluder Vertical Door Seals are easy to install and fit most common door sizes and types.
*Contact us for more information and ordering.*

**Xcluder® Vertical Door Seal**— Seals the gap between double doors, or a single door and the door frame

\* Enlarged to show detail

**Xcluder Vertical Door Seal— Bottom Rail Set**—Oftentimes, double-swing glass doors meet but then leave a gap at the threshold where pests can enter. With Bottom Rail Seals, no more gap!

## Installation Options

### Vertical Door Seal— Adhesive or Hardware Mount

♦ Can be easily trimmed to accommodate locks, handles, or shorter doors
♦ **Adhesive Mount:** attaches to door with durable weather resistant adhesive strip
♦ **Hardware Mount:** attaches with included 3/4" (19mm) stainless steel sheet metal screws
♦ Seal is made with heavy-duty reinforced rubber gasket and Xcluder core
♦ Available in aluminum or bronze

### Vertical Door Seal— Bottom Rail Set

♦ Designed for double-swing doors where there is a gap at the threshold
♦ Seal is made with heavy-duty rubber gasket and Xcluder core
♦ Applies to glass door with durable weather-resistant, pressure-attached adhesive strip
♦ Offered in 6" (152mm) lengths; can be easily trimmed to accommodate shorter lengths
♦ Available in aluminum or bronze
