

Xcluder® Pest Control Astragal Door Seals

Rodent Proof Seals for IPM and Commercial Applications

- Ideal for** •Restaurants •Banks •Hotels/Motels
 • Schools •Office Buildings •Malls •Stores in Malls
 •Grocery Stores •Pet Stores •Supercenters
 •Any location that requires reduced or eliminated chemical pest control

Doors are one of the most common entry points for mice, rats and other pests. And although they make for a beautiful entrance, the soft seals, gaps and/or openings between pairs of entry doors can provide little resistance to rats and mice.

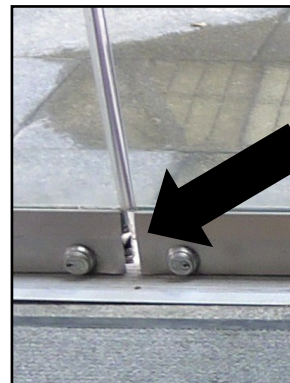

Xcluder® Pest Control Astragal Door Seals feature our patented Xcluder® fill fabric which provides a barrier that is virtually impenetrable to rodents and other pests. The reinforced EPDM rubber also provides a durable weatherseal that can pay for itself in the energy savings alone.

Xcluder® Pest Control Door Seals are easy to install and fit most common door sizes and types.

Xcluder® Commercial Astragal Door Seal— Seals the gap between double doors, or a single door and the door frame

* Enlarged to show detail

Xcluder Threshold Gap Seal - Often times double swing glass doors meet but then leave a gap at the threshold where pests can enter. Below is an installation using two Xcluder Threshold Gap Seals. No more gap!

Installation Options

Vertical Door Seal— Adhesive Application

- ◆ Can be easily trimmed to accommodate locks, handles or shorter doors
- ◆ Applies to glass door with durable weather resistant pressure attached adhesive strip
- ◆ Seal is made with heavy duty reinforced EPDM rubber gasket and Xcluder core
- ◆ Four color combinations

Vertical Door Seal— Hardware Application

- ◆ Can be easily trimmed to accommodate locks, handles or shorter doors
- ◆ 3/4" stainless steel sheet metal screws included
- ◆ Seal is made with heavy duty reinforced EPDM rubber gasket and Xcluder core
- ◆ Four color combinations

Threshold Gap Seal— Adhesive Application

- ◆ Designed for double-swing doors where there is a gap at the threshold
- ◆ Seal is made with heavy duty reinforced EPDM rubber gasket and Xcluder core
- ◆ Applies to glass door with durable weather resistant pressure attached adhesive strip
- ◆ Offered in 6" lengths, can be easily trimmed to accommodate shorter lengths
- ◆ Four color combinations

Xcluder® Pest Control Astragal Door Seals - Product Options

Astragal Vertical Single Seal features:

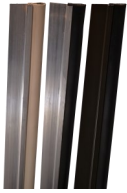

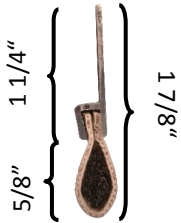

- ◆ Sturdy aluminum retainer in aluminum or dark bronze
- ◆ Choice of Black, White or Gray Rubber Gasket
- ◆ Comes in 96" Length and can be trimmed/cut to accommodate handles, locks and/or shorter doors
- ◆ High density, double laminated Xcluder® core
- ◆ Suitable for glass, wood and metal doors
